PROJECTS

PetZoo

- PetZoo is an interactive online platform designed for pet enthusiasts. With a user-friendly interface, it offers a plethora of resources, including pet care tips, breed information, and a community forum for sharing experiences. PetZoo aims to connect pet owners, foster knowledge sharing, and provide a one-stop hub for all things pet-related.
- Website Link : <https://www.petzoo.app/>.

Army Public School Website

- Designed and developed apsclementtown.org, a dynamic website showcasing the offerings and events of APS Clement Town. Features include intuitive navigation, event calendar, and multimedia integration. Implemented responsive design for optimal viewing across devices. Enhanced user experience through streamlined layout and informative content.
- Website Link : <https://apsclementtown.org/>.

Om Sai Tours And Travels

- Designed and developed OmsaiTrips.com, a dynamic travel website offering seamless trip planning and booking experiences. Features user-friendly interface, curated travel guides, and real-time booking options. Optimized for mobile and desktop, enhancing accessibility.
